

# Eduardo Perales

PIPEFITTER | MECHANICAL PIPING | COMMERCIAL & INDUSTRIAL

Austin Area, TX • +1 (713) 805-6564 • Eduardoperales.com

---

## / PROFESSIONAL SUMMARY

Austin-area pipefitter with 2 years of field experience in mechanical piping on commercial and industrial jobsites, including a competitive assignment with SSW. Holds an OSHA 10 card, works non-union, has reliable transportation, and owns \$4,000+ in trade tools — prepared and ready for field work. Open to overtime, weekends, travel, and shutdown/turnaround work, with basic welding exposure and some plumbing support experience. Brings strong communication, marketing, and sales ability, and is interested in pipefitting, mechanical piping, and commercial/industrial work as well as field-to-office growth opportunities.

---

- Customer communication
- Sales & marketing ability

---

## / WORK EXPERIENCE

### Pipefitter — SSW

*[Project Location] · [Month Year] – [Present/End Date]*

- Assisted with pipefitting and mechanical piping installation on active commercial and industrial jobsites.
- Measured, cut, fit, and supported pipe to plan and field direction; handled supports, hangers, layout, and material movement.
- Worked safely under OSHA and site safety practices, using hand tools, power tools, and pipefitting tools.
- Supported experienced pipefitters, welders, and foremen to keep production moving; gained welding-support and plumbing-support exposure.
- Selected for a competitive assignment with per diem and paid housing — earned through reliability and trust.
- Communicated clearly with crews and supervisors to coordinate work and prevent downtime.

---

## / SELECTED PROJECT EXPERIENCE

### SSW Pipefitting Assignment

*[Location] · Role: Pipefitter*

- Performed mechanical piping work on a competitive assignment with per diem and paid housing, maintaining dependable attendance and steady productivity — the reliability and work ethic that qualify candidates for higher-value field assignments.

---

## / COMMUNICATION, SALES & CUSTOMER-FACING STRENGTHS

- Strong people skills; represents a company professionally with supervisors, vendors, crews, and customers.
- Can bridge field work with sales, estimating, project coordination, or customer communication — while staying committed to field production.

---

## / CERTIFICATIONS & TRAINING

OSHA 10 Card [Year] • Basic welding exposure • Plumbing support experience

---
